1. INTRODUCTION

1.1. PURPOSE AND BACKGROUND

The Washington State Secretary of State, Washington State Library, hereafter called "OSOS," is initiating this Request for Qualifications and Quotations (RFQQ) to solicit proposals from firms interested in participating on a project which will enable OSOS to continue the growth of the Washington Digital Newspaper collection at the Washington State Library. OSOS is involved in a continuous project to preserve historic newspapers by digitizing approximately 50,000 pages per year. Content is comprised of historic newspapers from its earlier online collections and new community projects existing in print and microfilm.

OSOS seeks a vendor to create high quality master files for preservation and online access. OSOS will create derivatives for web access and apply OCR and metadata for full-text search capabilities. The contract awarded from this RFQQ will be for five years with options to extend for two one year periods.

Source images: OSOS would like to scan from film master negatives as much as possible, but some years will only be available as paper copy and missing dates may also be supplemented by available print issues. Print issues may be loose leaf in archival boxes or contained in bound volumes and may need to be disbound with permission from volume owners. To preserve the integrity of print collections disbanding will only be done on a case by case basis and only if significant text would be lost. Large format print pages may be approximately 23" x 17". Microfilm negatives are preferred for scanning and are typically 35mm with double image pages that may need to be split to meet a one page per file requirement. **See required deliverables and NDNP technical requirements below.**

OSOS will not ship newspapers out of the U.S. for processing, preference will be given to vendors who can prove secure transport and/or limited transport with digital delivery options.

Once OSOS knows per page costs for digitizing from film and print, OSOS will be able to determine the most efficient use of funds to allow a balance of file creation and processing costs.

1.2. OBJECTIVE

This RFQQ seeks per page costs for digitizing from print and microfilm for ongoing projects.

Projects will vary in size and format. Copyright clearance will be managed by OSOS per project.

Incidental and related costs for disbinding, splitting 2 up pages, etc. should also be included in submitted proposals. Once images are created, OSOS will crop, deskew, perform Optical Character Recognition (OCR) processing and apply basic metadata for full-text search and online access.

Required deliverable:

Create high quality, uncompressed, TIFF 6.0, 8-bit grayscale files from large format newsprint or 35mm microfilm.

- Scan at maximum resolution between 300-400 dpi.
- Scanned images must show 1 page per file. Film can be scanned as 2up pages and then split to 1 page image per frame if needed.
- All page borders must show at least ¼" beyond news page border with a black background.
- Missing pages can be scanned from print pages when available to create a more complete set of issues.
- Any images scanned from film reel must also include any technical targets or resolution test charts that indicate film density or reduction ratios.
- Color scans and higher resolutions will not be accepted

- Option to purchase master negative reels if one is created as a result of the file creation process. If scanning from paper, preservation film reels are not a required deliverable, but OSOS should be notified if this option is available.
- Provide minimal metadata to identify project & dates – Files may be divided up into folders by year as agreed upon by vendor & OSOS. Short, numeric file names and folder structure to be agreed upon with the State Library before project starts.
- Provide an estimate of unbinding & re-binding costs for bound newspaper volumes.
- Provide a description of standard Quality Assurance steps taken to ensure a successful project.

1.3. MINIMUM QUALIFICATIONS

The Consultant must be licensed to do business in the state of Washington. The Consultant must have 5 years experience in:

- Proof of high quality scanning and digitization services
- Large format image scanning for preservation of newspapers
- 35 mm microfilm scanning
- Proof of secure facility with safeguards in place for protection of original, unique materials.
- Experience in disbinding and safe handling of fragile materials Secure options for digital delivery of test files and small file batches

Preferred: Professional affiliation with AIIM, ARMA, or similar professional archival or digital preservation organization for proof of knowledge of current preservation & digitization standards.

1.4. FUNDING

The OSOS has budgeted an amount not to exceed \$30,000 per newspaper project per year.

Any contract awarded as a result of this procurement is contingent upon the availability of funding.

1.5. PERIOD OF PERFORMANCE

The period of performance of any contract resulting from this RFQQ is tentatively scheduled to begin on or about June 19, 2017 and to end on May 31, 2022. Amendments extending the period of performance, if any, shall be at the sole discretion of the OSOS.

The OSOS also reserves the right to cancel or to reissue the RFQQ in whole or in part, prior to execution of a contract.

2.6. MINORITY & WOMEN-OWNED BUSINESS PARTICIPATION

Participation may be either on a direct basis in response to this solicitation or on a subcontractor basis. However, no preference will be included in the evaluation of proposals, no minimum level of MWBE participation shall be required as a condition for receiving an award, and proposals will not be rejected or considered non-responsive on that basis. Any affirmative action requirements set forth in federal regulations or statutes included or referenced in the contract documents will apply.

The established annual procurement participation goals for MBE is 8 percent and for WBE,

4 percent, for this type of project. These goals are voluntary. Bidders may contact OMWBE at 360-753-9693 to obtain information on certified firms.

2.8. RESPONSIVENESS

All proposals will be reviewed by the RFQQ Coordinator to determine compliance with administrative requirements and instructions specified in this RFQQ. The Consultant is specifically notified that failure to comply with any part of the RFQQ may result in rejection of the proposal as non-responsive.

The OSOS also reserves the right, however, at its sole discretion to waive minor administrative irregularities.

2.9. MOST FAVORABLE TERMS

The OSOS reserves the right to make an award without further discussion of the proposal submitted. Therefore, the proposal should be submitted initially on the most favorable terms which the Consultant can propose. There will be no best and final offer procedure. The OSOS does reserve the right to contact a Consultant for clarification of its proposal.

The Consultant should be prepared to accept this RFQQ for incorporation into a contract resulting from this RFQQ. Contract negotiations may incorporate some or all of the Consultant's proposal. It is understood that the proposal will become a part of the official procurement file on this matter without obligation to the OSOS.

2.10. CONTRACT AND GENERAL TERMS & CONDITIONS

The apparent successful contractor will be expected to enter into a contract which is substantially the same as the sample contract and its general terms and conditions attached as Exhibit B. In no event is a Consultant to submit its own standard contract terms and conditions in response to this solicitation. The Consultant may submit exceptions as allowed in the Certifications and Assurances section, Exhibit A to this solicitation. The OSOS will review requested exceptions and accept or reject the same at its sole discretion.

This RFQQ does not obligate the state of Washington or the OSOS to contract for services specified herein.

2.13. REJECTION OF PROPOSALS

The OSOS reserves the right at its sole discretion to reject any and all proposals received without penalty and not to issue a contract as a result of this RFQQ.

2.14. COMMITMENT OF FUNDS

Per page costs will reflect production levels of approximately 50,000 pages across all projects submitted each year.

The evaluation process is designed to award this procurement not necessarily to the Consultant of least cost, but rather to the Consultant whose proposal best meets the requirements of this RFQQ. However, Consultants are encouraged to submit proposals which are consistent with State government efforts to conserve state resources.

A. Identification of Costs (SCORED)

Identify all costs including expenses to be charged for performing the services necessary to accomplish the objectives of the contract. The Consultant is to submit a fully detailed budget including staff costs and any expenses necessary to accomplish the tasks and to produce the deliverables under the contract. 4. EVALUATION AND CONTRACT AWARD

4.1. EVALUATION PROCEDURE

Responsive proposals will be evaluated strictly in accordance with the requirements stated in this solicitation and any addenda issued. The evaluation of proposals shall be accomplished by an evaluation team, to be designated by the OSOS, which will determine the ranking of the proposals.

OSOS, at its sole discretion, may elect to select the top-scoring firms as finalists for an oral presentation.

4.2. EVALUATION WEIGHTING AND SCORING

The following weighting and points will be assigned to the proposal for evaluation purposes.

Management Proposal – 60%		60 points
Project Team Structure/Internal Controls	20 points (maximum)	
Staff Qualifications/Experience	10 points (maximum)	
Experience of the Consultant	30 points (maximum)	
Cost Proposal – 40%		40 points
Sub-Total for Written Proposal		100 points
References [top-scoring proposer(s) only]		10 points
GRAND TOTAL		110 POINTS

References will be contacted for the top-scoring proposer(s) only, based on the written proposal. References will then be scored and included in the Grand Total.

4.3. ORAL PRESENTATIONS MAY BE REQUIRED

Written submittals and oral presentations, if considered necessary, will be utilized in selecting the winning proposal. The OSOS, at its sole discretion, may elect to select the top scoring finalists from the written evaluation for an oral presentation and final determination of contract award. Should the OSOS elect to hold oral presentations, it will contact the top-scoring firm(s) to schedule a date, time and location. Commitments made by the Consultant at the oral interview, if any, will be considered binding. The score from the oral presentation will be considered independently and will determine the apparently successful proposer.

4.4. NOTIFICATION TO PROPOSERS

Firms whose proposals have not been selected for further negotiation or award will be notified via FAX or by e-mail.

4.5. DEBRIEFING OF UNSUCCESSFUL PROPOSERS

Upon request, a debriefing conference will be scheduled with an unsuccessful Proposer. The request for a debriefing conference must be received by the RFQQ Coordinator within three (3) business days after the Notification of Unsuccessful Consultant letter is faxed/e-mailed to the Consultant. The debriefing must be held within three (3) business days of the request.

Discussion will be limited to a critique of the requesting Consultant's proposal. Comparisons between proposals or evaluations of the other proposals will not be allowed. Debriefing conferences may be conducted in person or on the telephone and will be scheduled for a maximum of one hour.

4.6. COMPLAINTS AND PROTESTS

A. Complaints Procedure

The complaint process occurs before before bids are submitted to meet the response due date.

Consultants will be given an opportunity to submit a complaint to OSOS based on any of the following:

- The solicitation unnecessarily restricts competition;
- The solicitation evaluation or scoring process is unfair or flawed; or
- The solicitation requirements are inadequate or insufficient to prepare a response.

Consultants can submit complaints up to five (5) business days prior to the bid response deadline. The complaints must meet the following requirements:

- Must be in writing.
- Must be sent to the RFQQ Coordinator in a timely manner.
- Clearly articulate the basis for the complaint.
- Include a proposed remedy.

The RFQQ Coordinator will respond to complaints in writing.

The response to the complaint including any changes to the solicitation shall be posted on WEBS.

The complaint may not be raised again during the protest period.

Appeals to the RFQQ Coordinator decision will not be allowed.

B. Protest Procedure

The protest process occurs after the bids are submitted, evaluated and the announcement of the apparent successful bidder (ASB) is made. This procedure is available to Consultants who submitted a response to this solicitation document and who have participated in a debriefing conference. Upon completing the debriefing conference, the Consultant is allowed five (5) business days to file a protest with the RFQQ Coordinator. Protests may be submitted by FAX or by e-mail with the RFQQ Coordinator, but be followed by the original document.

Consultants protesting this procurement shall follow the procedures described below. Protests that do not follow these procedures shall not be considered. This protest procedure constitutes the sole administrative remedy available to Consultants under this procurement.

All protests must be in writing and signed by the protesting party or an authorized Agent. The protest must state the grounds for the protest with specific facts and complete statements of the action(s) being protested. A description of the relief or corrective action being requested should also be included. All protests shall be addressed to the RFQQ Coordinator.

Only protests stipulating an issue of fact concerning the following subjects shall be considered:

- A matter of bias, discrimination or conflict of interest on the part of the evaluator.
- Errors in computing the score.
- Non-compliance with procedures described in the solicitation document or OSOS protest process or DES requirements.

Protests not based on procedural matters will not be considered. Protests will be rejected as without merit if they address issues such as: 1) an evaluator's professional judgment on the quality of a proposal, or 2) OSOS'S assessment of its own and/or other agencies needs or requirements.

Upon receipt of a protest, a protest review will be held by the OSOS. The Secretary of State or an employee delegated by the Secretary who was not involved in the procurement will consider the record and all available facts and issue a decision within ten (10) business days from receipt of the protest unless additional time is needed. If additional time is required, the protesting party will be notified of the delay.

In the event a protest may affect the interest of another Consultant which submitted a proposal, such Consultant will be given an opportunity to submit its views and any relevant information on the protest to the RFQQ Coordinator.

The final determination of the protest shall:

- Find the protest lacking in merit and uphold the OSOS's action; or
- Find only technical or harmless errors in the OSOS's acquisition process and determine the OSOS to be in substantial compliance and reject the protest; or
- Find merit in the protest and provide the OSOS options which may include:
 - Correct the errors and re-evaluate all proposals, and/or
 - Reissue the solicitation document and begin a new process, or
 - Make other findings and determine other courses of action as appropriate.

If the OSOS determines that the protest is without merit, the OSOS will enter into a contract with the apparently successful contractor. If the protest is determined to have merit, one of the alternatives noted in the preceding paragraph will be taken.

The protest decision is final and no appeal made available. If a protesting bidder does not accept the OSOS protest response the bidder may try to seek relief from superior court.
